PERSONAL PROFILE

I am a soon-to-be graduate in Full-stack Software Development with a BA (Hons) in Marketing. I am seeking an opportunity to use my education and skillset to expand my knowledge and to help and contribute to your company's growth. I will be receiving my diploma from the Code Institute. I am proficient in HTML, CSS, JavaScript, and Python.

I have 5 years of experience in management, customer service and hospitality. I am a valuable team player with strong communication skills and problem-solving abilities which I attribute to my analytical and logical ways of thinking. My experience as the manager of a Subway restaurant has given me strong interpersonal skills with my team's welfare and productivity at the forefront of my mind.

Prior to enrolling in my current course, I took it upon myself to learn how to code in HTML, CSS, JavaScript and Python.
